HOW WE WORK

Your design, our production

Order from the SIS Textile collection, or send us your own designs — we produce both.

OUR COLLECTION

Choose from the models in this catalogue. Fabric, colour, lining, hardware and details can all be changed to suit your brand.

YOUR OWN DESIGN

Send a tech pack, sketch, photo or reference sample. We develop the pattern, source the fabric, make the sample and produce the order.

END-TO-END PRODUCTION

DESIGN / TECH PACK → PATTERN → FABRIC SOURCING → SAMPLE → APPROVAL

BULK PRODUCTION → QUALITY CONTROL → LABELING → PACKAGING → DELIVERY

PRIVATE LABEL

Your brand. Our production.

Every garment leaves our factory with your own labelling. Send us your artwork and we produce and attach all of it.

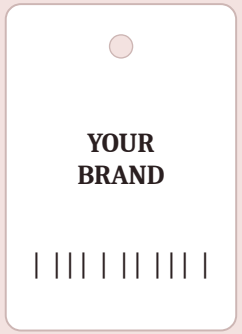

NECK LABEL

Woven main label with your brand name

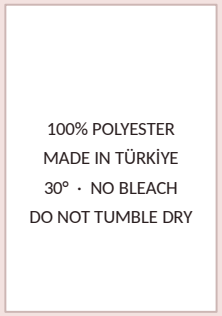

SIZE LABEL

Sewn size tab, sizes 36 – 48

HANGTAG

Printed tag with logo, model code and barcode

WASH CARE LABEL

Composition, care symbols, Made in Türkiye

SLEEVE WARNING TAG

Square attention sticker on the upper left sleeve

Labels, hangtags, polybags and cartons are produced to your specification. Neck and care labels are attached in production, so garments arrive ready for retail.
